

It's Not the Space, It's the Company!

While we are disappointed to not be sharing local brews, snacks, and laughter with you in the same room this year, we can still get together and enjoy some education and entertainment together in the style of the 21st Century!

Methow Beaver Project's **2nd Annual Beaver Celebration** will commence on **September 19th from 7:00-9:30pm!** Back by popular demand, Sarah Koenigsberg's award-winning film ***The Beaver Believers*** will be re-screened, after introductions and updates from MBP's Director Alexa Whipple, as well as visits with our special guest speakers! The evening's rockstar lineup includes Frances Backhouse, esteemed author of *Once They Were Hats*, and the filmmaker and Beaver Believer herself, Sarah Koenigsberg.

Registration is required! Claim your tickets and help celebrate our community's watershed restoration partnership with the smartest critter in fur pants!

www.thebeaverbelievers.com/methowbeaverproject

Stop at Old Schoolhouse Brewery and East 20 Pizza before the event to fill your growler and grab a pie, gift certificate, and T-shirt! A portion of the proceeds from our local purveyors go to support the Methow Beaver Project in its goals of beaver-based restoration and ecosystem resilience in the Methow and Okanogan watersheds. Special thanks to Old Schoolhouse Brewery, East 20 Pizza, and Methow Valley Lumber for their generous support!

On **Sunday, September 20th**, MBP will be offering three different site tours in the field to see stream and beaver restoration in action. Participants can choose from restoration sites related to beavers and wildfire recovery, beaver/human/salmon coexistence strategies, and beaver mimicry stream restoration. Detailed tour descriptions and registration can be found on the event registration page (thebeaverbelievers.com/methowbeaverproject).

The tours are limited to 5 participants each, due to covid-19 phase 2 restrictions. We will update participation information as necessary.

Field trips are free but registration is required.

Questions or concerns about beaver activity in your neighborhood? As always, hit up the Beaver Solutions Hotline!
